PROFESSIONAL SUMMARY

A dedicated and enthusiastic React Native Developer with one year of experience in full-stack development using React and mobile development with React Native at Plattr Tech Studio. Passionate about crafting intuitive, high-performance mobile applications that enhance user experiences. Committed to writing clean, maintainable code and leveraging technologies like React, React Native, Redux, and Expo to build scalable solutions. Eager to collaborate with innovative teams and push the boundaries of mobile development.

TECHNICAL SKILLS

Mobile Development: (React Native (iOS & Android), Expo, Native Modules)

Frontend: (React, React Native, Redux, Expo, TypeScript, JavaScript (ES6+), HTML, CSS)

State Management: (Redux, Context API)

Database: (MySQL, Psql, Firebase)

Version Control: (Git, GitHub)

UI/UX: (NativeWind (Tailwind for React Native), Styled Components, Tailwind Css)

API Integration: (RESTful APIs, Axios)

Tools & Platforms: (VS Code, Postman, Mockoon, Figma, Bruno)

EXPERIENCE

01/2024 – present
Madurai

Plattr Tech Studio, Full Stack & Mobile Developer

- Working as a React Native Developer, building scalable mobile applications using React Native, Expo, TypeScript, and Redux.
- Developed and maintained business and subscription management applications, implementing REST API integration and image uploads.
- Implemented UI/UX improvements using Figma and optimized app performance.

01/2023 – 12/2023
banglore

Pratian Technology, – Developer Intern

- Gained hands-on experience in UI/UX design, SQL, Java basics, and Excel presentations.
- Assisted in developing interactive dashboards and improving system workflows.

PROJECTS

Pro Scanner, (React Native, Bare Workflow)

- Developed an **offline document scanning app** that converts **photos to PDFs** with a simple and intuitive UI.
- Implemented **local storage** for managing scanned documents without internet dependency.

Block Management System, (React Native, Expo, TypeScript, Push Notifications)

- Built a block management system for handling various approval processes with real-time updates.
- Integrated push notifications for instant alerts on status changes.
- Used Expo and TypeScript to ensure scalability and maintainability.

Subscription Management Application (Outsourcing Project),

(React Native, Expo, JavaScript, REST API)

- Developed a **subscription-based management system** for a Small Business.
- Integrated **REST APIs** for real-time subscription updates and data synchronization.
- Implemented **image upload functionality** for user profiles and subscription details.

EDUCATION

2019 – 2023
Coimbatore, India

Computer Science and Engineering, Adithya institute of technology
CGPA: 8.18

2019
Namakkal

Higher secondary, Nalandas matriculation higher secondary school
Percentage :74%

2017
Thiruchengode

SSLC, Government boys higher secondary school
Percentage: 87%
